HALLS AND MEETING PLACES

(See Map for Locations)

The Headquarters of the Conference will be at The Jefferson Hotel and Registration will begin there on Wednesday, May 18, at 2 P. M. On and after Friday, May 19, at 8:30 A. M., the Registration desk will be in the Recital Hall of The Odeon. In the same hall will be found the Conference Postoffice, Information Bureau, Office for Lost and Found Articles, also convenient writing tables for the use of members of the Conference. Recital Hall is on the ground floor of the building; it is large, well lighted and ventilated, and will be the favorite meeting place of the members during the week.

The opening meeting and the Conference Sermon will be in the large Auditorium in the same building, seating several thousand people but with splendid acoustics. On an upper floor is Entertainment Hall, where morning sectional meetings will be held.

Next door to the Odeon is the Central High School. In the large Assembly Hall on the ground floor will be held the General Sessions of Friday morning and Wednesday and Thursday evenings, also section meetings on Saturday, Wednesday and Thursday mornings. The Gymnasium in the basement has been secured for Exhibits. The lunch on Friday will also be in the High School building.

A short block south is the Y. M. C. A., where there are two convenient halls for section meetings, and here the Field Workers' Exhibit of the Charity Organization Societies will be displayed.

The Evening General Sessions of Friday, Saturday, Monday and Tuesday will be held in the Third Baptist Church. The Sunday evening general session will be in the Second Baptist Church, which is some distance away from the other places of meeting, but readily accessible by street cars.

One short block north from the Odeon are two halls close together, Hibernian Hall and Bible Hall, each of which will be used for morning section meetings, and the Auditorium of the First Congregational Church is also available (and near) if it shall be required.

Each of these halls will be designated in the final program as Room A, B, etc., but a complete daily Bulletin will be posted in the Jefferson Hotel lobby, with a copy in Recital Hall, giving the program of meetings for each day, while at the door of every hall will be a bill-board announcing the meetings in that hall for the week.

The Halls are devoted to different Committees either for the entire week or for three or four days, so that adjourned or extra meetings may be held if desired. In no case do the meetings of two sections conflict in place.

RAILROAD ARRANGEMENTS.

For the first time for many years, the Executive Committee is unable to announce any general reduction of railway fares for the Conference. This unfortunate condition is in spite of the utmost exertions of the St. Louis Local Committee on Transportation, aided by the Convention's Bureau of the Business Men's League, as well as the efforts of the General Secretary. A rate of one and one-half fare on the certificate plan was tendered by the Central Passenger Association, based on 1,000 PERSONS PRESENT, BY RAIL, AND PRESENTING CERTIFICATES, showing that they had paid full fare going. This was the rate made last year by the same Association and accepted by the Buffalo Local Committee, and although there were fully 1000 or 1100 persons present, going by rail, and very great efforts were made to secure that each one had a certificate, less than 500 certificates were presented. In that case, as the Trunk Lines based their rate on 100 certificates, the members from East of Buffalo secured their return tickets for 3-5 fare, but all of those who came from the West, hoping to return for half fare, were disappointed and lost money by the effort.

This year the Western Passenger Association, offering the same basis as the Central Association, consented to count among the 1000 required, all persons holding round trip tickets, but without the certificates; but the Central Association refused

even this slight concession. As all Eastern and Southern rates to St. Louis must originate through the Central Association, the Committee and the Secretary are reluctantly compelled to make this announcement.

The Western Passenger Association announces that certain lines have authorized an open rate of four cents per mile for the round trip from points in Missouri, Oklahoma, and Kansas, tickets to be sold May 17 to 19 with final return limit to reach original starting point not later than May 28th.

The C. B. & Q. R. R. announces an open rate of 1 3-5 fare from stations in Missouri.

The Rock Island road gives an excursion rate of two cents per mile from Missouri, Kansas, and Oklahoma, tickets selling May 17-18-19, return limit May 28th.

The Southwestern Passenger Association has made summer tourist tickets available on May 17, 18 and 19 with a return limit of May 28th.

From California and Pacific Coast points, nine months tourist rates, equal to about one and one-half regular fare are available.

From most of the rest of the United States and Canada, the only reduction of fare possible is by PARTY RATES. In this case when ten people travel together on one ticket, there is a reduction made which, for instance, from New York via the B. & O. R. R. is \$1.65 for each person and similarly on other lines. In larger parties, in some cases, the reduction is greater.

Correspondence has been conducted with the principal railroad lines of the country, since the attempt to make a possible arrangement with the Central Association was abandoned as useless, as to any summer excursion or special rate available and those mentioned above are the only ones which have quoted anything but the regular rates.

There are a number of boarding houses in the vicinity of the places of meeting which can be secured at the rate of from 75 cents to \$1.50 per day for room only. These assignments can only be made on the arrival of the delegates.

St. Louis is going to be the great convention city of the year. There are meetings almost every week. Therefore it is desirable for people who are particular about their hotels that they should not lose any time in securing accommodations.
